

Agip Coro DWO 20 L

Agip Coro DWO 20 L is a corrosion protection fluid based on a test fuel free of aromatics. It has a high corrosion protection and good water displacement properties.

Characteristics (typical figures):

Coro DWO 20 L		Unit	Test method
Colour		2	
Density at 15°C	800	kg/m ³	DIN 51 757
Viscosity at 20°C	2	mm ² /s	DIN 51 562
Flashpoint (Abel-Pensky)	61	°C	
Type of protection film	oily		
Condensation climate	> 20	cycles	DIN 50 017

Properties and Performance:

- test fuel free of aromatics
- forms an oily protection film with very good corrosion protection
- good water displacement properties, high creeping properties
- fast stainless drying
- mild odour

Applications:

Agip Coro DWO 20 L is a highly effective water displacement body with safe protection from atmospheric corrosion for longer internal storage up to 8 month.

In the condition at time of supply the product is mainly used in dipping baths, using spray method the corresponding safety regulations have to be observed.

Information:

The product is a water hazardous liquid.
